ALL POINT TO RASCO

CLUES SO FAR FOUND TEND TO CONFIRM HIS GUILT.

SHERIFF IN ST. JOSEPH

Rasco is to Be Brought to Nodaway County for Hearing After Filing of Information.

(St. Joseph Gazette.)

"We have followed up every clue which might implicate anyone except Hez Rasco in the murder of the Hubbell family, but the more we investigate the stronger becomes the evidence abainst Rasco," said Sheriff W. R. Tilson of Nodaway county, who was in St. Joseph yesterday to have a talk with the young man charged with the Hubbell murder, who is now in the Buchanan county jail.

"We have found absolutely nothing which would lead us to suspect anyone else," continued the sheriff. "We have been working on the case day and night since the murder. Deputy Evans is today sick on account of overwork. Every bit of evidence, however, points to the one man only."

Sheriff Tilson talked with Rasco but a short time. The prisoner said that he was very well satisfied with the meals which are given him, and he said that Sheriff Theisen is giving him good treatment.

The sheriff then started to talk to Rasco about the murder case, but he refused absolutely to say anything about it, the officer said afterward. He talked with Rasco but a short time.

There was some indication yesterday that Rasco might be weakening. However, these indications vanished when he had his talk with the sheriff. Rasco still maintains that he is innocent and believes that he might be cleared if two men, who, he says, saw him in Ravenwood, Mo., two weeks ago Sunday, when the four Hubbells were killed, would make themselves known. So far nothing has been heard from them.

The shotgun which Rasco borrowed from Joseph Cayton, and with which it is thought the Hubbells were killed, has not been shown to Rasco since it was found. He declares that he placed it on the C[illegible]on porch about noon the day he borrowed it, and the Hubbells were killed that night.

Doctors Have Gun.

"The gun has been turned over to doctors to be examined," said Sheriff Tilson, when the sheriff was asked why it had never been shown to Rasco. "There are spots on the stock which look like blood spots, but the main thing is a dry substance three or four inches from the end of the stock, which has a grayish appearance and which is believed to be dried brain substance. It is this which the doctors will analyze."

Sheriff Tilson said that the warrants charging Rasco with the murder were to have been issued yesterday. The arraignment must take place within ten days of the issuance of the warrants and must be before a justice of the peace in Nodaway county. For this reason it is likely that Rasco will be taken back to Nodaway county the latter part of this week or early next week.

The officer said that while the public sentiment has not changed from the first, the temper of the people has cooled, and it is believed that Rasco could be taken back with perfect safety for his trial.

Mr. Tilson was accompanied to the jail by Morris Smith, a resident of Maryville. They returned to Maryville last night.

News of Society and Women's Clubs

Mission Circle Gave Surprise.

The Young Ladies' Mission Circle of the First Christian church gave a pleasant surprise to Mrs. Barton Cook Saturday afternoon at the home of Mrs. Arch Frank, where a large number of the Circle met and brought many nice things to eat, and spread a regular banquet in the dining room before Mrs. Cook's arrival. Mrs. Cook, who has served the Circle as treasurer for some time, will leave with her little daughter Thursday for Parnell to join M[illegible] Cook, who has just taken charge of the C. H. Nold Lumber company's business. Mrs. Cook was asked by the Circle president, Miss Laura Gates, to call on Mrs. Frank Saturday afterno[illegible] and ask her to take the office of treasurer, which she did, and was not expecting to meet anyone but Mrs. Frank. The afternoon was spent in a social way, and the Circle members also wrote letters to Mrs. Cook, one of which she is to open each day while they last after she is located in her new home.

A Birthday Surprise.

A surprise was given last Friday, December 2, by Miss Martha Thompson and Mrs. Roy Gross of this city to their mother, Mrs. James H. Thompson, Sr., living eight miles west of the city. It was her fifty-fourth birthday anniversary. Everyone present brought well filled baskets and spent a very pleasant day. Those present were Mr. and Mrs. A. C. Ford and son, Marshal Albright, and Mr. Ford's mother, Mrs. Have Thompson and children, Pauline and Kenneth; Mrs. Earl Duncan and daughter, Lucile; Mrs. Lon Thompson and son, Herman; Mrs. Charles Deneen and daughters, Hester, Marie and Pearl; Mrs. Noah Duncan, Mr. and Mrs. Roy Grass and family, Alerta, Reed, Clara Lee and Leona, and Miss Martha Thompson.

Married at St. Joseph.

Miss Elsie Liggett of the domestic science department of the high school, attended the marriage of her friend Miss Edna Hass of Stanberry to Joseph R. Halstead, also of Stanberry, at St. Joseph Monday. The young couple will make their home in Stanberry. Miss Haas has visited Miss Liggett several times in Maryville and is well known here.

Recital by Miss Wilson.

Miss Edith Wilson, daughter of Dr. and Mrs. D. C. Wilson, will give a graduate recital at the Conservatory recital hall Monday evening, December 12. Miss Wilson will leave in a short time after her commencement, in company with her parents, for Long Beach, Cal., to spend the winter.

Wedding Announcement.

Mr. and Mrs. John D. Wade of Kansas City, formerly of Maryville, announce the marriage of their daughter, Ethelyn Marie, to Everett Dillon on Thursday, November 24. Mr. and Mrs. Dillon are now at home at 1966 East Twenty-Eighth street, Kansas City. The bride visited her grandparents, Mr. and Mrs. O. P. Wade, several weeks last summer.

Wedding Guests Arriving.

Miss Retta Sanders of St. Joseph arrived in Maryville Monday and will make an extended visit with her brother, Robert G. Sanders, and family. Miss Sanders came at this time to be present at the marriage of her cousin, Miss Jennie Robinson, to Dr. Charles Bell, which will be solemnized Wednesday evening, December 7, at the home of the bride-elect's mother, Mrs. Theodore L. Robinson. Miss Sanders will remain with Mrs. Robinson during the absence of the bride and groom on their honeymoon trip to New Orleans. Other guests for the Robinson-Bell wedding will arrive Tuesday night at the Sanders home—Mr. and Mrs. W. J. Sanders of St. Joseph, the parents of Mr. Sanders and Miss Sanders, also their aunt, Mrs. J. W. Ardery of St. Joseph.

CHRISTMAS TRADE HAS COMMENCED

In talking to a representative of The Democrat-Forum yesterday H. T. Crane said: "My store was thronged with shoppers Saturday. Christmas buying has apparently started earlier this year, and the people are investigating and choosing with greater care than ever before. My trade was entirely satisfactory." This is not to be wondered at when one considers the immense line of holiday goods carried by Mr. Crane, including all kinds of jewelry, diamonds, watches, clocks, gold and silver novelties, gift books, toilet articles, mirrors, brush and comb sets, pictures and frames, albums, cut glass, and all the other handy little knick-knacks that delight the heart of the searchers for appropriate gifts. Then his long business experience and established reputation for fair dealing will naturally attract to his store all who wish to purchase goods whose value they must trust largely to the honesty of the dealer.

Mrs. Helwig, the mother of Miss Katie Helwig of the State Normal faculty, arrived in Maryville Sunday night from her home in Trenton, Mo., and will spend the winter with her daughter in Maryville. They have apartments in the Alderman block lately vacated by Mrs. Edna Parcher.

MISSOURI IS THIRD

AS A CORN PRODUCER AND WILL SOON LEAD.

NODAWAY BANNER COUNTY

With a Crop of 6,654,778 Bushels—The State Crop Amounts to 271,500,000 Bushels.

Jefferson City, Dec. 3.—"With a corn crop for 1910 amounting to 271,500,000 bushels and which, at 50 cents a bushel, is worth $135,750,000, Missouri has reason to feel proud of her ability in this line.

"In annual corn yield Missouri now holds third rank, a position envied her by many other commonwealths, which have to be satisfied with lower honors, but even with this exalted and undisputed place, it is not all the state is entitled to. A few years hence, when certain proposed improvements become facts, our state will move upward and be at the top of the lengthy list of maize producers.

"This honor will come, and easily, too, when all of the rich low bottom lands along the Mississippi and Missouri rivers and of all tributary streams, are amply protected from overflows by high substantial levees, and the swamps in Pemiscot, Dunklin, Mississippi, New Madrid, Scott, Perry and other counties have been drained. Nowhere in the country is there richer corn land. By turning these fertile, but now useless areas, into maize fields the annual crop will easily be increased 100,000,000 bushels, worth—at 50 cents—$50,000,000.

"This huge sum would not alone pay for all levees needed in the bottom lands and for all the ditches and other protection planned for the sunken and water covered sections, but would also go a long way toward defraying the costs of a fourteen foot channel in both the Mississippi and Missouri rivers as far as this state is directly in touch with them."

These are some of the assertions made in the 1910 Red Book of the bureau of labor statistics by Labor Commissioner J. C. A. Hiller in a chapter entitled "Missouri Corn Facts."

"The 1910 corn crop of Missouri broke all earlier records. The previous banner yield was in 1902, eight years ago, when the production amounted to 264,252,705 bushels. In 1907, 241,025,000 bushels were raised; in 1908, 203,634,000 bushels, and in 1909, 213,840,000 bushels.

"Of course, all of this prolific production is not sent to market; that is, not in the shape of corn. A vast quantity, fully 90 per cent, is kept on the farm to be fed to live stock and poultry, but this assertion does not mean that the Missouri farmers get no returns from it. In fact their profits, from the source they finally do come, are greater than if they had sold the corn in its raw shape.

"In the end most of the corn goes to market in the much more valuable form of cattle, hogs, horses, mules and other live stock, poultry, butter, milk, cream, eggs and other farm commodities worth $200,000,000—a gain to farmers of $80,000,000.

The 1910 Red Book also gives some facts and figures on Missouri's annual wheat crop.

While Nodaway county was the banner corn county for 1909, with a crop of 6,654,778 bushels, Saline county second, with 6,427,800 bushels, and Atchison county third, with 5,765,585 bushels. Mississippi county led in the amount sent out to market, which was 1,152,808 bushels, valued at $691,685. New Madrid county holds second place in surplus, with 793,200 bushels, valued at $475,820, and Charlton county ranks third, with 791,426 bushels, valued at $474,856.

CANDIDATES ARE FILING AFFIDAVITS

Three candidates' affidavits were filed in the recorder's office Tuesday. They were those of W. T. Jackson, defeated candidate for recorder, who spent $129 in the campaign; W. H. Chambers, for judge of the North district, who was defeated by William Blackford, spent $50 and David F. Mitchell, for presiding judge of the court, $74.75.

Mrs. Grace Ginter of Stanberry, who has been taking treatment for her eyes in Maryville, returned to her home Tuesday much improved.

BASE BALL MEETING

GREAT INTEREST SHOWN FOR TEAM FOR NEXT YEAR.

RE-ELECTED OLD BOARD

As Directors of the Local Club—To Attend the Annual League Meeting.

The base ball meeting held Monday evening was an enthusiastic one, but not as largely attended as it should have been. Maryville should have league baseball next year, and it is important that all should help the board of directors of the local club to have it.

A board of directors of the club was elected as follows: L. C. Cook, John Murrin, W. J. Hutton, E. H. Bainum and R. G. Koch. Ed E. Williams was again elected treasurer of the club. The board of directors will select a manager for the team, and it is probable R. G. Koch will be selected for that place. Mr. Koch is a good business man and would make a good manager.

Another matter discussed was the annual league meeting to be held in Nebraska City on Friday, December 9. The local club is going after the secretaryship of the league, and they think they will stand a good show to land it. Probably four or five of the directors will attend this meeting.

Baseball in Maryville cost over $8,600 last year. Some $2,800 was subscribed by the merchants and citizens, while the remainder of the amount was taken as gate receipts. The board figures that it will take probably $2,500 for next year. They also feel that Maryville will have to have Sunday baseball to make it a paying proposition.

Several new players for next year's team have been secured by Mr. Koch. Eight or nine of the old players will be kept for next year's team.

IS A PROSECUTING ATTORNEY IN KANSAS

Summerfield Alexander, a former Maryville boy, was elected prosecuting attorney of Kingman county, Kan., at the recent election on the Democratic ticket. He is but 24 years old, is a high school graduate and a graduate of the law department of the Kansas state university at Lawrence, and is the youngest student that has finished that department. He went to Topeka and successfully passed the state examination for admission to the bar and settled at Kingman, in Kingman county, for the practice of his profession. Last September he married Miss Belle Horner, a charming and popular girl, whose father is the wealthiest ranchman in Kingman county.

We are pleased to tell of the success of another Nodaway county boy. Mr. Alexander is the youngest son of Mr. and Mrs. H. C. Alexander of Medicine Lodge, Kan., formerly of near Maryville, who moved to that place about eight years ago.

OFFICERS ELECTED FOR ANTI-SALOON ALLIANCE

The Nodaway County Anti-Saloon Alliance met in the M. E. church, South, Monday afternoon for the purpose of electing officers and to take up other matters. There were some eleven persons present at the meeting, and the following officers were elected:

President—F. H. Badger, Barnard.

First vice president—Rev. W. J. Parvin.

Second vice president—Anderson Craig.

Third vice president—G. W. Fullerton Skidmore.

Fourth vice president—W. H. Hull.

Secretary—C. H. John.

Treasurer—E. D. Orear.

One of the main things considered was to enlarge the working force of the league by adding one layman from each church in the county to the board having the work to do. Heretofore only the ministers and officers composed the working force of the league.

Edward Otis left Tuesday morning for Middlewater, Texas on a business trip. On his return he will stop at Enid, Okla. ,to visit his son, Roy Otis, and wife, and at Kansas City he will visit his son and daughter, Harland Otis and Mrs. James Duffy.

COUNTY COURT IN SESSION THIS WEEK

County court was convened Monday for the regular monthly term. This session of the court will probably be the last one for the present members of the court, as their terms expired January 1, when they will be succeeded by John Thornhill, presiding judge; William Blackford, member from the north district, and Joe Thompson, from the south district.

Not much business, except that of cleaning up all business, will be taken up by the court.

The bond of J. Arthur Wray as recorder was filed and accepted by the court in the sum of $5,000, with W. C. Pierce, George L. Wilfley and S. H. Kemp as securities.

O. K. Herndon was granted a pool hall license for Conception for five pool tables.

The court ordered the tax assessment of the Ferritor Drug Co. reduced from $1,500 to $800, and the Shepard-Hawkins Clothing Co. from $2,700 to $2,000.

Silas S. Bemis was admitted to the county poor farm.

The following school loans were allowed by the court: F. H. Badger, $500; M. C. Noland and A. L. Davis, $500 and F. S. Pearce, $1,000.

RESIGNED AS MANAGER OF BELL TELEPHONE

W. J. Staples has resigned as manager of the Bell Telephone company, to take effect not later than January 1. Mr. Staples has been manager of the Bell company for twenty-seven years and two months, or ever since the system was established. The Bell company intends to rebuild the Maryville plant, making it a complete cable plant, and work will commence on it soon.

TO BE GIVEN A HEARING TOMORROW

Deputies John Wallace and Robert Yeaman arrested W. H. Patrick, a tenant on one of the Fred Welling farms, near Graham, Monday afternoon and brought him to Maryville. Mr. Patrick will be given a hearing before the county court on Wednesday for his sanity.

On Sunday night Patrick struck one of his daughters and also drove his family out of the house. The wife and the children were compelled to go to the home of a neighbor to remain during the night. One son remained with his father that night and the next day.

Patrick is said to have never shown any signs of insanity before.

W. O. W. WILL GIVE A BANQUET

At the annual election of officers for the W. O. W. lodge Monday night it was decided to give a banquet the second week in January, assisted by the ladies of the Woodmen Circle. The Circle will elect its officers for the ensuing year Wednesday night. The banquet will be held the week after the installation ceremonies.

The new officers elected for the W. O. W. are:

Council commander—Roy E. Martin.

A. V. L.—T. Littler.

Banker—Frank Wallace.

Clerk, J. W. Airy.

Escort—James Sage.

Watchman—J. L. O'Grady.

Sentry—W. B. Blatchley.

Manager for three years—David Mitchell.

Manager for two years, Frank Martin.

Those chosen as delegates to the W. O. W. state meeting to be held in St. Joseph are Frank Bolin and Frank Roelofson. Alternates, Roy Martin and J. W. Airy.

NO JURY CASES AT ALBANY AT THIS TERM

The grand jury and petit jury of the Gentry county circuit court were discharged by Judge Ellison Monday on account of smallpox in Albany and in that county. Judge Ellison will only try equity cases at this term of court in Albany, and probably all jury cases will be continued until the next term.

ESTATE IN COURT

RECEIVER ASKED PENDING TERMINATION OF DIVORCE SUIT.

A SHORT LIVED ROMANCE

Maryville Firm of Lawyers Interested in Suit, which Affects Title to Property Worth $60,000.

Attorneys W. A. Blagg and G. R. Ellison were in Oregon the first part of the week in connection with the estate of James B. Payne, a wealthy farmer of Oregon, who is being sued for divorce and also one-third of his estate by his wife. Shinabargar, Blagg & Ellison of this city and R. B. Bridgeman of Oregon filed before Judge Ellison at Albany an application for the appointment of a receiver for the Payne estate pending the suit and while there is a dispute to title and ownership of the property. The attorneys for Mrs. Payne, Allen, Gabbert, Mitchell & Martin of St. Joseph and W. H. Richards of Oregon, agreed to the appointment of the receiver. Judge Ellison appointed John Speer, recorder of Holt county, as the receiver.

Payne was married November 29, 1909, to Miss Mattie B. Trachel of St. Joseph. Mr. Payne is 76 years old and his wife is about 40. A pre-nuptial contract was entered into by the two parties and filed in the recorder's office at Oregon, in which Payne was to give to his wife one-third of his real and personal property. Payne is worth about $60,000. Everything did not run smoothly in their married life and they finally disagreed and left each other.

Recently Mrs. Payne's attorneys filed a partition suit in the circuit court of Holt county to have the land partitioned and also an accounting taken of the personal property and one-third given to her. The suit was filed on the 29th day of November, one year after they were married. On this day she also filed suit for divorce.

Mr. Payne claims the contract was void and was procured by undue influence. Mrs. Payne had charge of two stores, one at Oregon and the other at Forest City, and it is claimed she has squandered money in running them. The case will be hotly contested and will attract widespread attention because of the prominence of the aged husband.

TO TALK TO CONVENTION AT ST. JOE

Prof. J. E. Cameron of the agricultural department of the State Normal school, went to St. Joseph Tuesday morning, where he will be a speaker at the tobacco growers' convention, which convenes Wednesday. Prof. Cameron said Tuesday morning, when he left, that he would endeavor to prove to the tobacco growers that there is more money in raising corn when properly cultivated than there is in raising tobacco. He considers the corn growing capacity of this section of Missouri in its infancy.

The Weather

Cloudy and colder tonight. Wednesday generally fair.

Funeral of W. A. Holliday.

The funeral services of the late W. A. Holliday, who died at his home in Guilford Friday night, were held in the M. E. church at Barnard Sunday afternoon, conducted by the pastor, Rev. J. H. Thompson. The Odd Fellows lodge conducted the services at the grave in Barnard cemetery.

Mr. Holliday was born in Andrew county, Missouri forty-three years ago. In 1887 he married Miss Ida Simmons of that county ,who survives. Eight children were born to them. Three little daughters died. Those living are three daughters and two sons, Sylvesta, Lorena and LaVeen, and Lester and Otho. Also three brothers and two sisters survive—Joseph Holliday of Barnard, I. Edward Holliday of Grinnell, Kan., and Dennis Holliday of Maryville; Mrs. J. A. Middleton of South Depot street and Mrs. T. S. Dragoo of South Main street.

Mr. Holliday was the son of Thomas Holliday of Barnard, who makes his home with his son, Joseph Holliday. The mother died thirteen years ago at the family home in Maryville, on East Cooper street.

Revival Meetings.

A revival meeting of unusual interest is now being held in the Mt. Ayr church, east of Maryville. Rev. J. H. Thompson of Barnard is the pastor, and is now in his fourth year in the work. He is his own evangelist and preaches every night. Sunday three were baptized and seven persons were received into church membership. Great interest is shown in the community for the meetings. Pastor Thompson is now in the third week of the meeting.

HANDLING SOILS IN THE OZARKS.

The Missouri Agricultural College Demonstrates Profitable Systems of Farming.

A bulletin recently published by the college of agriculture of the university gives in detail the treatment of the soils of the Ozark region of Missouri. "It is a region adapted to dairying, to sheep raising, to the production of hogs and stock cattle, and in certain sections to the production of fruit," says Prof. M. F. Miller of the agronomy department.

The chemical composition of the various soil types has been determined to show the amounts of available plant food in the soil. This was done to aid in carrying on practical experiments in that region.

At the different experiment stations in the Ozark region experiments with the adaptability of alfalfa, use of commercial fertilizers, use of soiling crops, handling of grasses and pastures, and experiments with grains are carried on with great success. By means of these experiments the Missouri experiment station is pointing the way to a more profitable agriculture for the Ozark country.

Mrs. Fannie W. Benzer of Burlington, Kan., arrived in the city Monday night and is the guest of her brother, Jacob B. Moore, and family. Mrs. Benzer will remain in Maryville a week, when she will leave for her new home at Fayette, Idaho, where Mr. Benzer has preceded her with the household goods and stock.

Mrs. B. F. Ashford and little granddaughter, Elizabeth Ashford, and her daughter-in-law, Mrs. Perry Miller, all of Bolckow, visited in Maryville Sunday and Monday as the guests of Mrs. Lewis Miller of 207 West Second street.

LOVELY COMPLEXION.

A Clear Skin and Bright Eyes Are Easy to Get.

All the beauty creams in creation won't improve your complexion if your stomach is out of order.

Belching of gas and heartburn mean bad food in the stomach. Bad food means bad blood and bad blood means a bad complexion.

Try Mi-o-na stomach tablets for stomach misery, biliousness, dizziness and indigestion. They relieve in a few minutes; they make rich, red blood. They are guaranteed by the Orear-Henry Drug company to cure or money back.

Read what a Kansas woman says: stomach trouble and found nothing that did as much good as Mi-o-na. I only have the second box and they have relieved all pain in my stomach. For stomach trouble or indigestion Mi-o-na can't be beaten. Mi-o-na has done a world of good for me when doctors failed."—Mrs. Cordelia B. Mann, 207 East Eleventh street, Junction City, Kan.

Mi-o-na stomach tablets are sold by druggists everywhere and by the Orear-Henry Drug company for 50 cents a large box. Test samples free from Booth's Mi-o-na, Buffalo, N. Y.

Mrs. Robinson Craven has been quite sick with the grip for a few days, but is some better at this writing.

Milo Torey and wife of near Pickering visited Saturday and Sunday with Mr. and Mrs. R. Craven.

Pains of women, head pains, or any pain stopped in twenty minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c box. Sold by Thomas J. Parle.

Albert Swann went to Barnard Friday morning to visit his brother, Fred Swann.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, D-509 Caldwell building, Monticello, Ill.

To the Public

We have been asked a good many times why we don't have special sales, and here are our reasons:

In the first place merchants who give those sales never stay in one place long, say two or three years.

In the next place, if you want to make these sales a success you have to decieve the public and your customers, and as we have never been guilty of doing so in a 38 year business career in Maryville it is too late to begin now. Our dealings are on the square. Any article we sell, if it is not satisfactory, or does not fit, you can exchange it or get your money back. You can't do that at the stores where they have special sales.

READ THE SIGN NO GOODS TAKEN BACK.

We warrant all goods to give entire satisfaction or money refunded. The quality of our goods is so good and the prices so reasonable that no firm on American soil can beat us, no matter what they say or do. If you are wise you will trade with us. If our goods turn out bad we will take them back.

Our Holiday Goods are now on display. Our store is the place to buy useful Xmas presents. Give us a call.

M. NUSBAUM

ODD FELLOWS TO HAVE ATTRACTION HERE

For some time past the Odd Fellows of this city have been endeavoring to secure a strong high class attraction which would prove something new and novel in the way of an entertainment for a "ladies' night," to be given under their auspices on the evening of December 6. With this in view they finally closed negotiations whereby they are to secure Mr. Newton Beers, the well known dramatic impersonator, in his highly interesting characterization of the dramatic personae in his popular dramatic divertisement entitled "David and Jonathan."

This event is booked by the Odd Fellows at their hall on the evening of December 6. Mr. Beers has been so long before the public in Shakespearean and other roles that he needs but little introduction to the amusement loving public.

Pie Supper at Myrtle Tree.

A pie supper is to be given at Myrtle Tree school house Friday night, December 9. Everybody cordially invited to come. Ladies please bring pies.

Modern Woodmen Take Notice.

Thursday evening at 7:30 we will meet at the Business college, over the Crystal theater to receive and entertain the members of Sedgwick post No. 11 G. A. R., and the W. R. C. There will be good music and speaking, also refreshments. Every Woodman and wife are earnestly requested to be present. The Royal Neighbors will assist us. Let's show the old soldier boys and their wives a good time.

By order of the committee.

M. NUSBAUM, Chairman.
